STUDY OF PROBLEMS FACED BY BONDED LABOURERS NEAR KODAINAL FORESTS USING FCMS

W.B. Vasantha Kandasamy, S. Narayanamoorthy and Mary John

In this paper we study the problems faced by the bonded labourers near Kodaikanal forests using FCMS. This paper has four sections. In the first section we just recall the definition of Fuzzy Cognitive Maps (FCMs) and Combined Fuzzy Cognitive Maps (CFCMs). We describe the problem in section two. Analysis of the problem using FCMS and CFCMs is carried out in section three. In the final section we give the suggestions and conclusions based on our study.
